

Result Reporting - LSFL

Result Reporting via FULL-TIME

The purpose of this communication is to remind all managers of their responsibility around result reporting and highlight some of the reasons why this is important.

FULL-TIME is the FA provided platform that the League has adopted as the mechanism to manage League fixtures. The League Management Committee consider FULL-TIME to be the definitive record for results and team sheets for League fixtures. It is the club's responsibility to ensure that their players are correctly registered via WGS with both their County FA and League. Access to the site can be done via the LSFL website

<http://www.lancssundayleague.co.uk/tables.php> or direct at

<http://fulltime-league.thefa.com/Index.do?league=735879761>

For each League fixture, the team manager or team secretary needs to supply the final result, the Referee mark, Sporting/RESPECT information & the details of the players who participated in that fixture.

The first key piece of data required is the result of the match, but there are 2 requirements; the score to be entered into FULL-TIME within 2 hours of the final whistle and the team sheet to be entered into FULL-TIME also within 2 hours.

All managers should receive a text from FULL-TIME on the day of the fixture, this allows you to easily fulfil the time requirement. Of course if you plan to enter details into the FULL-TIME web-site shortly after your fixture finishes, then this will meet both criteria.

Matchday App can also be used to complete the scores/results but please note that this can lock some features in the online version of FA Fulltime.

Log in into FULL-TIME with your FA userid and select the Results / Stats button:

Poulton and District Primary League - 2017-18 - u8 Girls Ph3

Admin Home

- Change or create your schedules. Use our scheduling wizards, create your fixtures manually or upload from a spreadsheet. Reschedule your fixtures. [Fixture Wizard](#)
- Enter and modify your results and statistics. [Results / Stats](#)
- Create or change administrators, rosters, players and referees.

From the list of matches shown, pick the date of the match you wish to report the result of and press enter. Record the score and then select “Statistics”.

You are then able to enter the result, Referee Mark (out of 100) and Sporting Mark (out of 99), the Sporting Marks to be apportioned between Conduct on Field, Opposition Management and Opposition Supporters.

Select “Statistics” and press enter.

Finally you will be able to enter your team sheet for the fixture, this is completed by ticking either 'Started' or 'Rolling Sub On' for all the players that participated in the fixture. All eligible players should be listed. Get into the habit of checking the player list the day before any fixture.

Started	Bench Unused	Captain	Goal	Assist	Own Goal Conceded	Penalty	Penalty Missed	Penalty Saved	Rolling Sub On	Yellow Card	Second Yellow Card	Red Card	Player Of Match	Performance Rating	Clean Sheet
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>	<input type="checkbox"/>

FULL-TIME allows you to collect various stats such as 'Player of the Match', 'Captain' etc. You can choose to enter this information for your own use, but there is no League requirement for any of these additional pieces of information to be reported.

But why is accurate reporting of data important? One reason is player eligibility, if you are fortunate to be involved in a League Cup semi-final, final or a League playoff game then there is a requirement for all players to have played 3 qualifying games. It is also a requirement of our league rules, that this is completed within two hours of the final whistle, or a fine may accrue.

The Sporting Marks and Respect data is used by the League management committee over the course of the season to monitor behaviour within the League. The data is also used to determine the winners of the Sportsmanship awards to be presented at the AGM.

Referees marks are used to monitor quality and offer mentoring support to train our referees, as well as being used by Lancashire FA for purposes of promotion.

Pitch quality information is used by National FA to assess the condition of grassroots pitches.

Results, tables, fixtures and all other league statistics can then be viewed via <http://www.lancssundayleague.co.uk/tables.php> or direct to FA Fulltime

<http://fulltime-league.thefa.com/Index.do?league=735879761>

N.B. Administration for FA Fulltime is carried out in FA Fulltime admin and not in "Updated FA Fulltime". There has been issues with misaligned information in the public version of Updated FA Fulltime. The definitive source for all match data and league statistics is easily accessed via the LSFL website.

Please refer any questions or queries to secretary@lancssundayleague.co.uk or 07919385806

Nikki Nye,

League Secretary, LSFL
